## Hospitality Graduate Recruitment to promote Hilton Elevator Programme

Swiss-based company Hospitality Graduate Recruitment, h-g-r has been contracted to work with Hilton to promote their award-winning graduate Elevator Programme within Europe and Africa.

Initiated in 1998, the Elevator Programme is a management training program that fast tracks selected participants to General Manager or Commercial Operations Managers within five to eight years. The Elevator programme combines operational, all-round experience with off-the-job training and business driven projects, to ensure participants reach their full potential.

Working closely with over 80 international hotel schools and universities, h-g-r is well placed to promote the illustrious programme to graduating students globally.

Managing Director Mr Jeff N Ross states “we are delighted to be working in alliance with one of the best recognised global hotel graduate management programmes, to help develop future hotel General Managers for Hilton (via their Elevator Programme). We have a unique network with the best international hotel schools, and are proud to use this network to the benefit of Hilton Elevator. Hospitality graduates are hungry for structure training opportunities such as this, and we aim to help Hilton find the very best graduates in the marketplace”.
