HOSPITALITY AND TOURISM MANAGEMENT INNOVATION A CRUCIAL CHOICE

It is getting harder and harder for students to choose from the panoply of educational hospitality management programmes advertised on today's market. But the choice is a crucial one. Putting modesty aside, BBI sets itself apart because it has been proven to excel at what it does. BBI's results, in terms of student satisfaction, career placement and relations within the hospitality industry attest to its position as one of the leaders in its field.

BUILDING YOUR FUTURE PROFILE OF CREATIVE MANAGER

Since 1990, our Bachelor and Master degrees, fully taught in English, offer you an enriching multi-cultural environment where **Knowledge, Vision and Networking** blend to start your international career successfully in: "International Hospitality Management".

JOIN US FOR SUCCESS

BBI provides first-class education for a career in the Hospitality sector - the fastest growing industry in the world. The school's programmes are aimed at students at the start of their career, as well as at hotel and tourism professionals preparing for moving onward to a position in higher management. Besides, the hospitality background of its former students has become more and more valued in other areas of economic life, and our graduates can be found not only in management positions in the greater hotels all over the world, but also in management consultancies, and in marketing, sales or HR positions in companies which are not directly linked to hospitality.

BBI and SAVONIA State University of Applied Science, Tourism & Hospitality Department in Kuopio, (Finland) have decided to collaborate further on, since the existing "bilateral agreement" established in 2005, in order to award "**Double Degree**" to students of both institutes at "Bachelor" level.

BBI has been awarded by the prestigious WTO/UN – THEMIS FOUNDATION TEDQUAL **accreditation** which is the international hallmark of excellence in tourism and hospitality management education. It represents the highest standard of achievement for tourism & hospitality schools worldwide. Joining other renowned higher educational institutions all over the world BBI is now the first one in Belgium to be fully accredited by the WTO-THEMIS. This label offers students and faculty another international official recognition of the quality at BBI. It will open new professional perspectives for students' holder of a BBI degree.
