Situated in Vilnius, Lithuania, International School of Law and Business is currently the largest private higher education institution in the area. The reason of its successful growth is open, very modernly designed academic programmes which are constantly updated to meet the requirements with quickly changing labor market demands. Besides Tourism and Hotel Management programme, ISLB also offers Business Management, International Business Law, and Marketing Management.

ISLB main priority is the student. The school highly concentrates on the needs of every student and in all ways it helps to bring students to the successful start of their careers. That is why over 86 percent of ISLB graduates within first year of graduation already are employed in the field of their studies.

The school is a member of 8 international and domestic associations which provides various opportunities not only for students but for the academic staff as well. The great emphasis is paid to balance the theoretical and practical aspects of academic preparation. All our students are completing three major internships in various organizations domestically and internationally. Students are given access to a wide international network in order to widen the career opportunities. The professors teaching at ISLB are the thoroughly selected professionals and academics which widely known in the industry. ISLB students are encouraged to think and to use received knowledge to generate innovative ideas for the hospitality industry.
