ABOUT KDU SCHOOL OF HOSPITALITY, TOURISM & CULINARY ARTS

KDU College's School of Hospitality, Tourism & Culinary Arts (SHTCA) was founded in 1987 and with over 21 years of history, the school is the only Hospitality, Tourism & Culinary Arts School in Malaysia that offers a complete Swiss experience through its collaboration with IMI University Centre from Lucerne, Switzerland. Its partnership with the IMI University Centre (IMI) enables the college to offer IMI programmes in Malaysia, without students having to go abroad.

One of the unique features of the KDU-IMI programmes is the exposure to industry placement in reputable local or international hotels and restaurants where practical skills are enhanced in real-life situations.

Throughout the years, KDU remains in close rapport with its industrial partners, students and staff. The school is also under constant review with leading industry members who form its advisory board, ensuring compliance with the best practices. As such, KDU graduates are employed as highly regarded specialists in renowned hotels and service related industries all over the world.

In line together with the college, the school has always offered programmes that are market-relevant, drawn up by people with keen insight to the market needs.

Its latest addition is the Bachelor of Science in Culinology® programme from Southwest Minnesota State University (SMSU). A fast-growing discipline, Culinology® is an approach to food that blends culinary arts with food technology, and seeks to find out how this collaboration affects the food we prepare and serve for consumption. The 2+2 Bachelor of Science in Culinology® programme is the first ever of its kind to be offered outside of the USA.
